

# SAFER SEXTING

IF YOU'RE GONNA DO IT ANYWAY...

If someone says no to sexting, respect that..

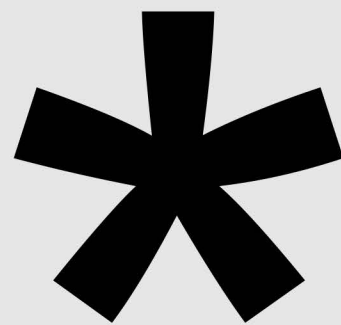

Do you understand the legal risks?

Set your own limits about how sexy/naked you get.

Ask before you send an image (asking is hot).

Do you trust each other not to share it (even if you break up)?

Limit risks by keeping face out of shot or keeping your pics on \*your\* phone.
