

# SIMPLE STEPS

to Street Safety

# STAY ALERT

Remember, if you are wearing headphones or chatting on your mobile phone you will be distracted from your surroundings and will not hear trouble approaching.

# Make sure you avoid danger spots.

Stick to busy well-lit streets whenever possible and avoid quiet or badly lit alleyways, subways or isolated parks or waste grounds. Take the safer route, even if it's longer.

# Listen to Your Instincts

If you feel threatened head for a safe place where there will be other people, such as a busy street, shop or a garage.
